

**One-stop Aircon and  
Disinfection Service Provider**

# About Us

COLDAIR was founded as a Mandaluyong-based residential and commercial specialist and provider of air conditioning solutions last 2013.

Our commitment is to ensure the highest quality standard of services, efficiency, cost competitiveness, and professionalism in meeting our individual client requirements.

Our team of highly skilled professionals in air conditioning, as well as engineering design and support services, are structured cohesively, working together to ensure that our customers receive the best possible service.

We are fully equipped and resourced to provide a complete air conditioning service package, managed by a dedicated project manager who acts as a single point of contact during the entire project.
